TheDS has let their overall plans slip.
Escalate the virus as much as possible. Even helping it spread, explains why certain nursing homes/states seem to be affected more than others. With holding medication/supplies to ensure it does.(Reminds me of the old angel of death cases)

Release prisoners, this saves them money on care/housing. And causes crime to rise, giving them another excuse to crack down and grab power. Probably learned it fr Castro cleaning out his jails.

Go after gun ownership in every way possible. Not only exploiting the current situation but furthering their plan for what is to come.

Introduce Bill after Bill, they know some will get through. Death by a thousand cuts.

The DSDems have been discussing the election. It would be a huge dangerous health crises😳 to have people vote in the "usual way". Plus it "wouldn't be accurate or fair"😳

So they want to propose a "rolling election". A door to door, paper ballot, mail in effort, which would obviously benefit them. They know they have zero chance to oust President Trump, their goal is to maintain control in Congress, get control in Senate, while picking up

as many seats overall as possible. It has been discussed spreading the election out over months, for safety and accuracy 😳, and going by timezones. Starting with Eastern and moving west.

The old Acorn and Get out the vote machine is being started up already. As bad as things are the Dems NEED it worse, lockdown till January at least. Since many of their "constituents" are already on gov support nothing much will change for them.

So many people have worked and paid taxes for years or longer. Only to see taxes wasted constantly. We complain but life moves on so we get by. We even pay taxes willingly for the society we live in. Now that society is breaking down, and we need a tiny fraction

of those taxes back. We are told No, and the priority are the politicians and the people who have already gotten benefit of those taxes for years. Very frustrating situation made deliberately worse.🙏🙏🙏

Dems want to control the entire "paper door to door" election. Then, like the mighty groundhog, when we are finally"allowed" to emerge from our homes, that's when we'll be "told" how many more weeks we get of who "won" the election.

Adam Schiff @RepAdamSchiff

After being caught trying to cheat in the next election, Trump opposes vote by mail over concerns about "cheating."

Nonsense. He prefers making voting dangerous for millions of Americans if it helps his re-election.

Every American must be able to cast a secure ballot by mail.

Pretty soon we'll hear about the "unchecked" spread of COVID-19 throughout Africa. And how the U.S. is hoarding all the medical supplies, allowing them to die, because of racism😳 we've heard that before.
There are more people than just Gates, Fauci, Lieberman, involved.

The "limit world population" people have wanted to wipe out Africa for long time, they want those resources. But,

You do not deserve to wear that robe.

General Flynn, an innocent man willing to destroy every minute of his life, everything he has achieved, to save his son. When both of them are innocent and attacked by others.

You, allow your sons to harm others. And in your own corruption you continue that corruption to cover theirs. No matter how many lives are destroyed. The only thing you seem to be competent in doing is destroying innocent lives. And selling your position to fix things

Mr. (judge🤧) Sullivan, I had hoped all along that you would do the right thing, that you would realize that what you're trying to hide is known by people on both sides. I had hoped in knowing that you would consider the situation moot and do the right thing.

You did not. Instead you turned to your friends for more political favors and cover. So maybe exposing some of those crimes will prompt you to recuse yourself. It's obvious you can't be relied upon to do your job impartially and dismiss all

Police departments across the Nation have been doing "safety checks" for a long time. Many times they proved not to be necessary but they have saved many lives because of it. Now they are drafting orders for "Covid wellness checks".

These Checks will not only be performed by the police, healthcare personnel, first responders, and LATER bye ordinary People hired specifically for these "checks".

We already have hotlines where people can rat out others, now neighbors with a beef can send wellness checks
